

EAST OF ENGLAND ENERGY GROUP

EEEGR News Media Pack

Opening up new opportunities to members

The East of England Energy Group is the catalyst for the region's energy industry.

Its quarterly magazine – EEEGR News – is a high quality, editorial-led publication of at least 32 pages of news, features and events coverage.

Printed copies of this highly regarded magazine are sent to approximately 3,000 senior industry professionals and a further 2000 copies are sent electronically. It is also available to download from our website – www.eeegr.com. We also distribute it at major exhibitions throughout the UK.

All of this makes it a great place to advertise.

EEEGR News is a well read, authoritative and lively publication that allows members to share their news with the wider industry and keeps readers up to speed on major projects and key issues relating to the energy supply chain.

Advertisers are finding it an important vehicle for getting their message across to potential clients. Opportunities for advertising, however, are limited and pages are allocated on a first come, first served basis.

Distribution

- ▶ 3000 printed versions sent to senior industry professionals
- ▶ 500+ used at industry events nationwide
- ▶ 2000 sent electronically to relevant industry contacts
- ▶ Online via our website – with 5000+ unique visits per month
